Re: Ace Discount Auto Parts; 1/14/75 - 3:00 p.m.

A complaint was received stating that Ace Discount Auto Parts Store, at the corner of Kansas and Division, was cleaning auto parts in their parking lot. Contact was made with Mr. Raymond Ash, Manager. Mr. Ash informed us that he was cleaning auto parts inside the building and steaming them on the outside. Mr. Ash was informed that this discharge was in violation of City, State and Federal Law. A sample of the discharge was taken and pH was run on the sample. The pH of the sample was 9.6. Mr. Ash informed me that he has ordered a tank, which will be tributary to the Sanitary Sewer, in which to steam clean parts in. He stated that this tank has been on order for some time, but has not arrived. I informed Mr. Ash that he should steam clean his auto parts in some kind of a container, so as to catch the run off, and put it in the Sanitary Sewer until his tank is delivered. Mr. Ash agreed to do so.
